**F. Attendance**

At The University of Texas at Arlington, taking attendance is not required but attendance is a critical indicator
in student success. Each faculty member is free to develop his or her own methods of evaluating students' academic performance, which includes establishing course-specific policies on attendance. However, while UT Arlington does not require instructors to take attendance in their courses, the U.S. Department of Education requires that the University have a mechanism in place to mark when Federal Student Aid recipients "begin attendance in a course." UT Arlington instructors will report when students begin attendance in a course as part of the final grading process. Specifically, when assigning a student a grade of F, faculty report the last date a student attended their class based on evidence such as a test, participation in a class project or presentation, or an engagement online via Blackboard. This date is reported to the Department of Education for federal financial aid recipients. As the instructor of this section,

Attendance and participation is 15% of the final grade. You will be expected to attend the entire class each week. Roll will be taken each week at various times during the class period. Attendance in class is required and will be recorded on sign in sheets at each session.

If a student plans to be tardy or leave early or is unable to attend class, e-mail the instructor prior to the scheduled class time stating the reason for non-attendance.

Computer and cell phone use shall be limited to note taking relevant to class or social work research only. Electronics should be limited as the primary focus is class discussions.

Seminar Format – Classroom discussion is the primary format of this seminar. Active participation of every student is essential to this format. Students are expected to attend each class session and come to class prepared to discuss the day’s topic. Designated class(es) this semester will meet online. Discussion and participation of every student is essential to this format as well.

Important Note. Much of what students learn in the classroom is affected by two sources: the level of effort contributed by the individual, and the learning community that is created through the shared ownership and contributions of the collective whole. Everyone is asked to participate to the fullest extent in the learning environment, and to facilitate others’ ability to participate at the same time. This means coming prepared to join in the classroom learning experience by having readings and other work completed, respecting ourselves and others, and taking responsibility for completing assignments in a competent and timely manner. But more than this, it also means that we each take shared responsibility for the growth and professional development of each of the individuals in our learning community.

G. Grading

Grade Scale: A= 90 - 100 B= 80 -90 C= 70 -80 D = 60-70 F= less 70

Students will receive a letter grade for field instruction consisting of the following: A, B, C, D or F. This grade will count toward the student GPA. An incomplete grade is NOT an option for any field course. Grading Structure: 30% of the grade will result from seminar and 70% of the grade will result from the practicum and assignments related to the practicum.

Students are expected to keep track of their performance throughout the semester and seek guidance from available sources (including the instructor) if their performance drops below satisfactory levels; see "Student Support Services," below.

**H. Make-Up Exams**

Please check syllabus or LMS for assignment due dates. If the assignment is received after the deadline or it is received but unable to be viewed by the Field Liaison, the assignment will be considered late until the problem is corrected and points will be deducted according to the late assignment policy.

*Late assignments will be assigned a 10 point penalty for each day late, and will only be accepted up to 2 days after the scheduled due date.* Since LMS will show the date and time of all assignment submissions and discussion board posts, there will be no discrepancies as to when an assignment or post has been submitted.

**Make up policy:** Assignments may not be made up. If a situation occurs that is out of your control, it will be discussed with the Field Liaison to see if it warrants making other arrangements.

**Participation:** Students are expected to attend their field placement according to the schedule determined by the student and field instructor, complete and submit all assignments when due.

**All individual circumstances taken into account requires documentation such as a documented medical emergency.**

**I. Course Schedule**

The Foundation Field Placement requires a total of 480 hours to complete the entire field practicum with a social service agency. Students may complete this over the course of two (2) semesters in a split field placement accruing 240 hours in each semester or in a block field placement accruing 480 in the course of one (1) semester. In addition to this practicum, students are required to attend a seminar course where they meet
with their peers and their Field Liaison to reflect on the application of theory and classroom learning in an actual social work setting.

N. Emergency Exit Procedures

Should we experience an emergency event that requires us to vacate the building, students should exit the room and move toward the nearest exits, which are the stairwells located at either end of the adjacent hallway. When exiting the building during an emergency, one should never take an elevator but should use the stairwells. Faculty members and instructional staff will assist students in selecting the safest route for evacuation and will make arrangements to assist individuals with disabilities.

O. Drop Policy

Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see
an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student's responsibility to officially withdraw if they do not plan to attend after registering. **Students will not be automatically dropped for non-attendance.** Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships ([http://wweb.uta.edu/aaofao/](http://wweb.uta.edu/aaofao/)).

T. Electronic Communication

UT Arlington has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university-related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and are responsible for checking the inbox regularly. There is no additional charge to students for using this account, which remains active even after graduation. Information about activating and using MavMail is available at http://www.uta.edu/oit/cs/email/mavmail.php.

U. Campus Carry

Effective August 1, 2016, the Campus Carry law (Senate Bill 11) allows those licensed individuals to carry a concealed handgun in buildings on public university campuses, except in locations the University establishes as prohibited. Under the new law, openly carrying handguns is not allowed on college campuses. For more information, visit http://www.uta.edu/news/info/campus-carry/.

V. Student Feedback Survey

At the end of each term, students enrolled in face-to-face and online classes categorized as “lecture,” “seminar,” or “laboratory” are directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student’s feedback via the SFS database is aggregated with that of other students enrolled in the course. Students’ anonymity will be protected to the extent that the law allows. UT Arlington’s effort to solicit, gather, tabulate, and publish student feedback is required by state law and aggregate results are posted online. Data from SFS is also used for faculty and program evaluations. For more information, visit http://www.uta.edu/sfs.

W. Final Review Week

For semester-long courses, a period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow students sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week unless specified in the class syllabus. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except makeup tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week. During this week, classes are held as scheduled. In addition, instructors are not required to limit content to topics that have been previously covered; they may introduce new concepts as appropriate.
