Instructor: Frank K. Lu

Office Number: NH 249

Office Telephone Number: 817-272-2083

Email Address: franklu@uta.edu

Faculty Profile: https://www.uta.edu/profiles/frank-lu.

Office Hours:
1. Open door policy or by appointment (via email)
2. Ad hoc tutorial sessions will be held depending on demand
3. Further announcements will be provided

Section Information: MAE 2314-001

Time and Place of Class Meetings: GACB 103, Tuesday & Thursday, 9:30–10:50 a.m.

Description of Course Content: Fundamental concepts of fluid mechanics leading to the development of both the integral and differential forms of the basic conservation equations. Application of the integral conservation equations to engineering problems in fluid dynamics including buoyancy and other hydrostatics problems. Dimensional analysis and similitude are also discussed.

Student Learning Outcomes:
1. To provide an understanding of basic concepts of fluid mechanics
2. To be able to apply the concepts and to develop techniques to solving engineering problems in fluid mechanics

Required Textbooks and Other Course Materials:
Gerhart, P.M., Gerhart, A.L. and Hochstein, J.I., Munson, Young and Okiishi’s Fundamentals of Fluid Mechanics, 8th ed., Wiley

Note 1: There are no essential differences between the 8th and recent editions. Homework, project assignments and examination problems are likely not taken from the text.

Note 2: Any further course materials will be announced in class, Blackboard and email as they arise.

Descriptions of major assignments and examinations:
- Quiz No. 1 (fluid properties, dimensional analysis and fluid statics)
- Quiz No. 2 (Bernoulli’s equation and kinematics)
- Midterm (fluid statics, dimensional analysis and Bernoulli’s equation)
- Project
- Quiz No. 3 (control volume analysis)
- Finals (control volume and differential analysis)
**Attendance:** At The University of Texas at Arlington, taking attendance is not required but attendance is a critical indicator in student success. Each faculty member is free to develop his or her own methods of evaluating students’ academic performance, which includes establishing course-specific policies on attendance. As the instructor of this course, \textbf{I will take attendance.}\n
However, while UT Arlington does not require instructors to take attendance in their courses, the U.S. Department of Education requires that the University have a mechanism in place to mark when Federal Student Aid recipients “begin attendance in a course.” UT Arlington instructors will report when students begin attendance in a course as part of the final grading process. Specifically, when assigning a student a grade of F, faculty report the last date a student attended their class based on evidence such as a test, participation in a class project or presentation, or an engagement online via Blackboard. This date is reported to the Department of Education for federal financial aid recipients.

**Grading:** Students are expected to keep track of their performance throughout the semester and seek guidance from available sources (including the instructor) if their performance drops below satisfactory levels; see “Student Support Services,” below.

\begin{itemize}
  \item[a.] Homework \hspace{1cm} 10\%
  \item[b.] Project \hspace{1cm} 10\%
  \item[c.] Classroom Quizzes \hspace{1cm} 15\%
  \item[d.] Midterm \hspace{1cm} 30\%
  \item[e.] Finals \hspace{1cm} 30\%
  \item[f.] Pop Quizzes \hspace{1cm} 5\%
\end{itemize}

A weight (commonly called “curve”) based on the \textbf{second} highest overall score (raw score) will be used to determine the final individual scores prior to assigning the letter grade. The score will be rounded up.

\textbf{Example:}
\begin{itemize}
  \item Highest overall raw score \hspace{1cm} = 95 \rightarrow + 7 = 102
  \item Second highest overall raw score \hspace{1cm} = 93 \rightarrow + 7 = 100
  \item Individual raw score \hspace{1cm} = 85
  \item Final individual score \hspace{1cm} = 85 + 7 = 92. Final letter grade: A
\end{itemize}

\textbf{KEY ASSIGNMENT}
A project on the application of control volume analysis will be explicitly designated as a key assignment. Samples with the name and ID blocked off will be collected as exhibits for accreditation purposes.

\textbf{Make-up Exams:}
\begin{enumerate}
  \item \textbf{No missed quizzes and exams. Only valid excuses are}
    \begin{enumerate}
      \item Authorized UTA activity with note
      \item Religious observations—see \hspace{1cm} \url{http://wweb.uta.edu/catalog/content/general/academic_regulations.aspx#19}.
      \item Medical reason with medical note
    \end{enumerate}
  \item \textbf{No late homework or projects will be accepted}
\end{enumerate}

\textbf{Expectations for Out-of-Class Study:} Beyond the time required to attend each class meeting, students enrolled in this course should expect to spend at least an additional 9 hours per week of their own time in course-related activities, including reading required materials, completing assignments, preparing for exams, etc.
Grade Grievances: For undergraduate courses, see http://catalog.uta.edu/academicregulations/grades/#undergraduatetext. For student complaints, see http://www.uta.edu/deanofstudents/student-complaints/index.php.

Drop Policy: Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student's responsibility to officially withdraw if they do not plan to attend after registering. **Students will not be automatically dropped for non-attendance.** Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships (http://wweb.uta.edu/aaoo).

Classroom Decorum:
- Cooperate in maintaining a positive learning experience and showing respect to me and your fellow students (etiquette: an old-fashioned idea)
  - Don't read the newspaper
  - Don't engage in side discussions
  - Don't eat or drink in class
  - Don't play with your electronics – there is a place and time
- Your friends also paid their tuition

Disability Accommodations: UT Arlington is on record as being committed to both the spirit and letter of all federal equal opportunity legislation, including The Americans with Disabilities Act (ADA), The Americans with Disabilities Amendments Act (ADAAA), and Section 504 of the Rehabilitation Act. All instructors at UT Arlington are required by law to provide “reasonable accommodations” to students with disabilities, so as not to discriminate on the basis of disability. Students are responsible for providing the instructor with official notification in the form of a letter certified by the Office for Students with Disabilities (OSD). Only those students who have officially documented a need for an accommodation will have their request honored. Students experiencing a range of conditions (Physical, Learning, Chronic Health, Mental Health, and Sensory) that may cause diminished academic performance or other barriers to learning may seek services and/or accommodations by contacting: The Office for Students with Disabilities, (OSD) www.uta.edu/disability or calling 817-272-3364. Information regarding diagnostic criteria and policies for obtaining disability-based academic accommodations can be found at www.uta.edu/disability.

Counseling and Psychological Services, (CAPS) www.uta.edu/caps/ or calling 817-272-3671 is also available to all students to help increase their understanding of personal issues, address mental and behavioral health problems and make positive changes in their lives.

Non-Discrimination Policy: The University of Texas at Arlington does not discriminate on the basis of race, color, national origin, religion, age, gender, sexual orientation, disabilities, genetic information, and/or veteran status in its educational programs or activities it operates. For more information, visit uta.edu/eos.

Title IX Policy: The University of Texas at Arlington ("University") is committed to maintaining a learning and working environment that is free from discrimination based on sex in accordance with Title IX of the Higher Education Amendments of 1972 (Title IX), which prohibits discrimination on the basis of sex in educational programs or activities; Title VII of the Civil Rights Act of 1964 (Title VII), which prohibits sex discrimination in employment; and the Campus Sexual Violence Elimination Act (SaVE Act). Sexual misconduct is a form of sex discrimination and will not be tolerated. For information regarding Title IX, visit www.uta.edu/titleIX or contact Ms. Jean Hood, Vice President and Title IX Coordinator at (817) 272-7091 or jmhood@uta.edu.
**Academic Integrity:** Students enrolled all UT Arlington courses are expected to adhere to the UT Arlington Honor Code:

>I pledge, on my honor, to uphold UT Arlington’s tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.

>I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

UT Arlington faculty members may employ the Honor Code in their courses by having students acknowledge the honor code as part of an examination or requiring students to incorporate the honor code into any work submitted. Per UT System Regents’ Rule 50101, §2.2, suspected violations of university’s standards for academic integrity (including the Honor Code) will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with University policy, which may result in the student’s suspension or expulsion from the University. Additional information is available at https://www.uta.edu/conduct/.

**Electronic Communication:** UT Arlington has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university-related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and are responsible for checking the inbox regularly. There is no additional charge to students for using this account, which remains active even after graduation. Information about activating and using MavMail is available at http://www.uta.edu/oit/cs/email/mavmail.php.

**Campus Carry:** Effective August 1, 2016, the Campus Carry law (Senate Bill 11) allows those licensed individuals to carry a concealed handgun in buildings on public university campuses, except in locations the University establishes as prohibited. Under the new law, openly carrying handguns is not allowed on college campuses. For more information, visit http://www.uta.edu/news/info/campus-carry/.

**Student Feedback Survey:** At the end of each term, students enrolled in face-to-face and online classes categorized as “lecture,” “seminar,” or “laboratory” are directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student’s feedback via the SFS database is aggregated with that of other students enrolled in the course. Students’ anonymity will be protected to the extent that the law allows. UT Arlington’s effort to solicit, gather, tabulate, and publish student feedback is required by state law and aggregate results are posted online. Data from SFS is also used for faculty and program evaluations. For more information, visit http://www.uta.edu/sfs.

**Final Review Week:** for semester-long courses, a period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow students sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week unless specified in the class syllabus. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except makeup tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week. During this week, classes are held as scheduled. In addition, instructors are not required to limit content to topics that have been previously covered; they may introduce new concepts as appropriate.

**Emergency Exit Procedures:** Should we experience an emergency event that requires us to vacate the building, students should exit the room and move toward the nearest exits. When exiting the building during an emergency, one should never take an elevator but should use the stairwells. Faculty members and instructional staff will assist students in selecting the safest route for evacuation and will make arrangements to assist individuals with disabilities.
**Student Support Services**: UT Arlington provides a variety of resources and programs designed to help students develop academic skills, deal with personal situations, and better understand concepts and information related to their courses. Resources include tutoring, major-based learning centers, developmental education, advising and mentoring, personal counseling, and federally funded programs. For individualized referrals, students may visit the reception desk at University College (Ransom Hall), call the Maverick Resource Hotline at 817-272-6107, send a message to resources@uta.edu, or view the information at [http://www.uta.edu/universitycollege/resources/index.php](http://www.uta.edu/universitycollege/resources/index.php).

The **IDEAS Center** (2nd Floor of Central Library) offers free tutoring to all students with a focus on transfer students, sophomores, veterans and others undergoing a transition to UT Arlington. To schedule an appointment with a peer tutor or mentor email IDEAS@uta.edu or call (817) 272-6593.

---

**Course Schedule**

**Approximate Lecture/Topic Schedule (regular semester):**

As the instructor for this course, I reserve the right to adjust this schedule in any way that serves the educational needs of the students enrolled in this course.

--Frank K. Lu

- Introduction & Dimensional Analysis 2 weeks
- Fluid Statics 1 week
- Quiz No. 1 (fluid properties, dimensional analysis and fluid statics) 1 week
- Bernoulli’s Equation 1 week
- Kinematics 1 week
- Quiz No. 2 (Bernoulli’s equation and kinematics) 1 week
- Midterm (fluid statics, dimensional analysis and Bernoulli’s equation) 1 week
- Control Volume Analysis 2 weeks
- Project 1 week
- Differential Analysis 2 weeks
- Quiz No. 3 (control volume analysis) 1 week
- Review 1 week
- Finals (control volume and differential analysis) 1 week

Pop quizzes are not listed above. By their very nature, they are unannounced and take ~10 minutes to complete.

**Emergency Phone Numbers**: In case of an on-campus emergency, call the UT Arlington Police Department at 817-272-3003 (non-campus phone), 2-3003 (campus phone). You may also dial 911.
Non-emergency number 817-272-3381
